## The Fourth Annual Science and Education Exhibition “PUBLIC ADMINISTRATION OF THE 21<sup>st</sup> CENTURY”

*dedicated to the 20th anniversary of Public Administration Science  
and Ukrainian Local Self-Government Day*

On **December 1, 2017** Kharkiv Regional Institute of Public Administration of the National Academy for Public Administration under the President of Ukraine holds the Fourth Annual Science and Education Exhibition titled “Public Administration of the 21<sup>st</sup> Century”.

The Exhibition **goals** are: to present the modern developments and opportunities offered by public administration science; to establish a constructive interaction with social service providers, business environment; to promote implementation of innovational scientific and educational projects; to extend international integration and cooperation in the sphere of public administration; to present the achievements of local government bodies (the associated territorial communities of Kharkiv region).

The exhibition **agenda** includes the following presentations:

- domestic and foreign educational establishments that train public administration experts;
- the best scientific and teaching developments in the field of public administration;
- research results, education projects, scientific and applied programs of cooperation with public authorities;
- specialized and popular scientific publications on public administration issues;
- e-learning educational and methodological complexes; rating systems for education quality assessment;
- scientific products, programs and solutions for automated management of educational establishments;
- innovations and practically oriented intellectual products in the spheres of public administration and regional development.

The Exhibition participants will have an opportunity to take part in the work of a discussion club of the associated territorial communities of Kharkiv region that will present the outcomes of the creative efforts of scientific teams and individual researchers, innovational projects aimed at modernization of public administration, and exchange the experience of educationalists, which can give a new impetus to the development of a cross-cultural scientific and educational dialogue.
